My friends in faith, Father Tom informed me that I was to receive the St. Augustine medal for our parish at a ceremony at the Cathedral. The significance of the medal is to thank volunteers for their service to Our Lord through ministries to our brothers and sister in Christ. Indeed there are an amazing number of volunteers at Assumption who perform incredible services in our church community so with joy and gratitude, I bring you all with me in spirit and prayer to receive the medal and return to share it and the love of ministering with each of you and with our entire parish family.

Peace, Helen Thiemann
